

MIND STRETCHING FUN!

About Us

Fall 2006 Newsletter

Got Gas?

Hot air balloons do. Know how balloonists steer? Wonder why the sky is blue? See science in action and explore these and other basic balloon-related science concepts with Sci-Tech Discovery Center at the Plano Balloon Festival at Oak Point Park Friday, 9/22 through Sunday, 9/24.

Exhibit

Wonder how hot-air balloons stay afloat? Sci-Tech Discovery Center will provide basic answers to these and other questions about the science of ballooning at the festival. Or, go to our [Balloon Science Web page](#) to learn more and to discover fun activities you can try at home.

Fun Stuff

Try the Balloon Math Challenge

Be sure to try the [Sci-Tech Balloon Math Challenge](#). Winners for one of three Nintendo DS Lites with Brain Age and Big Brain Academy games will be drawn from among correctly answered submissions. Answers must be submitted by September 30, 2006. Winners will be notified by October 15, 2006, and correct answers will be posted on the website. Stretch your mind, have some fun.

Sci-Tech Mission

To provide a dynamic, interactive experience that inspires people of all ages and backgrounds to embrace discovery and innovation through the exploration of math, science and technology.

As supporters of this effort, you can help make a permanent museum happen more quickly by referring interested donors to our board. We invite you to contact us at any time: info@mindstretchingfun.org or (972)546-3050.
